CURRICULUM RETURNS & REFUNDS

When your curriculum arrives, plan to set aside time to look through everything carefully. Make sure that your order is complete and accurate, that the curriculum is what you expected, and that you feel confident it will work well for you and your children. **You have a 30-day evaluation period** after your curriculum arrives to examine it carefully and determine if it is the right fit for you and your children. If you have any concerns during this period, call or email us so we can answer your questions or discuss the options available to you.

If you decide during this 30-day period that you wish to return any of your course materials, we'll give you a refund minus the restocking fee. Oak Meadow charges a restocking fee of 15% of the returned items or \$20, whichever amount is greater. Returned items should be received in like-new condition and not written or colored in, or highlighted. We don't refund shipping charges. To return your curriculum, you must obtain a Return Merchandise Authorization number (RMA). Find the RMA form on our website: www.oakmeadowbookstore.com/returns. We must receive your curriculum within two weeks of issuing this

number (4 weeks for international returns). Delaying the return of your materials will jeopardize your refund. Detailed instructions regarding how to package and ship your returned materials will be provided to you with your RMA number.

ENROLLMENT WITHDRAWAL POLICY

Many new families find distance education a unique approach to learning. We want to provide sufficient time for you to explore this method and to be sure it is a good fit for your family. Please review the Oak Meadow Withdrawal Policy details on our website.

We offer a 30-day evaluation period for grades 7 to 12 to assure the distance learning experience is right for your family. The evaluation period begins on your start date.

During this period, if you feel that it would be best for you to pursue another educational approach, please call the office and speak to one of our educational counselors. The educational counselor will work with you to discuss your options, which may include a change in grade level, teacher re-assignment, withdrawal from the school and homeschooling with the curriculum, or withdrawing from the school and returning the curriculum. Should you decide that withdrawal is the best option, please send a written notification of withdrawal to registrar@oakmeadow.com. Refunds of tuition will be made as follows:

Those who withdraw in writing within the 30-day evaluation period will be eligible for a full refund or credit, less a 20% administrative processing fee.

For all materials retained (or returned in less-than-new condition), the price of the materials will be deducted from the eligible refund.

Refunds will be issued within 30 days of the written withdrawal.
