Lesson 1

ASSIGNMENT SUMMARY

Language Arts

- Hear and retell “The Magic Spindle.”
- Draw letter A in picture form.
- Hear and retell “The Bear’s Child.”
- Draw letter B in picture form.
- Explore the short and long A sounds.
- Recite tongue twisters.
- Practice writing letters A and B.

Social Studies

- Create a calendar.

Math

- Play games involving numbers.
- Count to 30 forward and backward.
- Count and sort in daily life.

Science

- Observe and record moon phases.
- Recall summertime experiences.
- Collect and press plants and flowers.
- Identify and record plant names.

Arts & Crafts

- Begin learning to knit.
- Create a seasonal table.
- Make a treasure box.

Music & Movement

- Learn note B on the recorder.
- Sing and make up songs.
- Perform balancing exercises.

Health

- Learn about the growing body.

Learning Assessment

These assessment rubrics are intended to help you track your child’s progress throughout the year. Please remember that these skills continue to develop over time. Use the following pages to make notes about the learning your child demonstrates or skills that need work.

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Retells story events in sequence				
Identifies the long A sound in words				
Identifies the short A sound in words				
Draws uppercase and lowercase letter A in picture form				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Draws uppercase and lowercase letter B in picture form				
Writes uppercase and lowercase letter A				
Writes uppercase and lowercase letter B				
Memorizes and recites verses				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Demonstrates familiarity with days, weeks, and months				
Identifies significant family and seasonal events				

MATH	Developing	Consistent	Competent	Notes
Shows familiarity with counting in games				
Counts to 30 rhythmically in ascending order				
Counts to 30 rhythmically in descending order				
Sorts, measures, counts, and categorizes in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Observes and draws phases of the moon				
Recalls details from events from the past season				
Identifies similarities and differences between plants				
Describes plant observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Begins learning to knit		
Creates seasonal table		
Plays tunes using B note on the recorder		
Demonstrates good balance in a variety of positions		
Shows ability to move smoothly around the axis of the body		
Demonstrates knowledge of the growing body		

Lesson 2

ASSIGNMENT SUMMARY

Language Arts

- Hear and retell “Dick Whittington and His Cat.”
- Draw letter C in picture form.
- Hear and retell “Jordan and Maria.”
- Draw letter D in picture form.
- Identify words with C and D sounds.
- Practice writing letters C and D.

Social Studies

- Draw the human form.
- Do a body tracing.
- Review concepts related to time.
- Discuss social concepts in story form.

Math

- Identify geometric forms in the environment.
- Draw straight and curved lines.

- Experience form drawings with movement.
- Draw form drawings.

Science

- Observe and record moon phases.
- Observe seasonal changes in nature.
- Discuss the seasons, and draw illustrations.
- Identify and record plant names.

Arts & Crafts

- Continue the knitting project.
- Make Leaf Prints.

Music & Movement

- Practice exercises on the recorder.
- Perform movements at varying tempos.

Health

- Learn about internal organs and body systems.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Recalls specific story details				
Retells story events in chronological sequence				
Identifies the hard C sound in words				
Identifies the D sound in words				
Draws uppercase and lowercase letter C in picture form				

LANGUAGE ARTS (continued)	Developing	Consistent	Competent	Notes
Draws uppercase and lowercase letter D in picture form				
Writes uppercase and lowercase letters A through D				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Draws the human form				
Demonstrates knowledge of concepts of time				
Shows awareness of social relationships				
Demonstrates familiarity with days, weeks, and months				

MATH	Developing	Consistent	Competent	Notes
Identifies geometric forms in environment				
Draws straight and curved lines				
Performs form drawings in movement				
Shows symmetry in form drawings				
Sorts, measures, counts, and categorizes in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Observes seasonal changes				
Creates detailed drawings of seasonal changes				
Identifies similarities and differences between plants				
Describes plant observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes using B note on the recorder		
Demonstrates good balance in a variety of positions		
Shows ability to move smoothly around the axis of the body		
Moves rhythmically at varying tempos		
Demonstrates knowledge of internal organs and body systems		

Lesson 3

ASSIGNMENT SUMMARY

Language Arts

- Hear and retell “The Golden Key.”
- Hear and retell “The Fisherman’s Son.”
- Identify words with long and short E sounds.
- Identify words with the F sound.
- Practice writing letters E and F.

Social Studies

- Keep track of regular activities on the calendar.
- Use stories to discuss social concepts.

Math

- Draw circular enclosed forms.
- Count from 1 to 30, ascending and descending.

Science

- Collect leaves, and describe differences.
- Sort leaves according to different classifications.
- Identify and record plant names.

Arts & Crafts

- Continue the knitting project.

Music & Movement

- Practice the note A on the recorder.
- Play a rhythmic rhyming game.

Health

- Learn about tooth care.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Recalls specific story details				
Retells story events in chronological sequence				
Identifies the long E sound in words				
Identifies the short E sound in words				
Identifies the F sound in words				
Draws uppercase and lowercase letter E in picture form				
Draws uppercase and lowercase letter F in picture form				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Writes uppercase and lowercase letters A through F				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Remembers regular daily and weekly activities				
Demonstrates knowledge of concepts of time				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Identifies geometric forms in environment				
Draws enclosed circular forms				
Shows symmetry in form drawings				
Counts from 1–50 in sequence, ascending				
Counts from 1–50 in sequence, descending				
Counts from 1–50 from a midpoint in the sequence, ascending and descending				
Sorts, measures, counts, and categorizes in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Observes seasonal changes				
Creates detailed drawings of observations				
Identifies similarities and differences between plants				
Describes plant observations				
Sorts items according to different classifications				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes using B and A notes on the recorder		
Demonstrates good balance in positions and movements		
Shows ability to move smoothly around the axis of the body		
Moves rhythmically at varying tempos		
Demonstrates knowledge of how to care for teeth		

Lesson 4

ASSIGNMENT SUMMARY

Language Arts

- Hear and retell “The Three Dwarves.”
- Hear and retell “Mother Holle.”
- Draw letters G and H in picture form.
- Build an H-shaped chair.
- Identify words with the G and H sounds.
- Practice writing letters G and H.
- Review letters A through H.

Social Studies

- Observe the moon’s cycle.
- Learn how many days are in each month.
- Use stories to discuss social concepts.

Math

- Draw growing and diminishing forms.
- Draw geometric forms with straight lines.
- Create a form with unconnected lines.

Science

- Illustrate the parts of a plant.
- Collect seeds and seedpods.
- Collect, identify, and save seeds.

Arts & Crafts

- Continue the knitting project.
- Make Pinecone Critters.

Music & Movement

- Practice the notes B and A on the recorder.
- Experiment with sound recognition.
- Play a hand-clapping game.

Health

- Learn about home care during illness.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Recalls specific story details				
Retells story events in chronological sequence				
Identifies the G sound in words				
Identifies the H sound in words				
Draws uppercase and lowercase letter G in picture form				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Draws uppercase and lowercase letter H in picture form				
Writes uppercase and lowercase letters A through H				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Shows familiarity with the number of days in a month				
Demonstrates knowledge of concepts of time				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Draws growing and diminishing geometric forms using curved lines				
Draws growing and diminishing geometric forms using straight lines				
Draws growing and diminishing geometric forms using unconnected lines				
Shows symmetry in form drawings				
Counts from 1–50 in sequence, ascending				
Counts from 1–50 in sequence, descending				

MATH (continued)	Developing	Consistent	Competent	Notes
Counts from 1–50 from a midpoint in the sequence, ascending and descending				
Sorts, measures, counts, and categorizes in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Observes seasonal changes				
Creates detailed drawings of observations				
Identifies basic parts of a plant				
Describes plant observations				
Sorts items according to different classifications				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes using B and A notes on the recorder		
Identifies a variety of sounds		
Replicates a rhythmic hand-clapping pattern		
Moves rhythmically at varying tempos		
Demonstrates knowledge of home care during illness		

Lesson 5

ASSIGNMENT SUMMARY

Language Arts

- Hear and retell “Prince Ivan.”
- Hear and retell “Jack and the Beanstalk.”
- Draw letters I and J in picture form.
- Identify words with long and short I sounds.
- Identify words with the J sound.
- Practice writing letters I and J.

Social Studies

- Discuss early memories and family stories.
- Learn concepts of time measurement.
- Discuss social relationships.

Math

- Draw running geometric forms.
- Transform a curved form into straight lines.
- Count forward and backward from 1 to 100.
- Perform a marching pattern.

Science

- Observe and trace animal tracks.
- Identify and compare animal tracks.

Arts & Crafts

- Continue the knitting project or begin a new one.
- Create Forest Art.

Music & Movement

- Practice the notes B and A on the recorder.
- Experiment with obstacles courses.

Health

- Learn about how to care for broken bones.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Recalls specific story details				
Retells story events in chronological sequence				
Identifies the long I sound in words				
Identifies the short I sound in words				
Identifies the J sound in words				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Draws uppercase and lowercase letter I in picture form				
Draws uppercase and lowercase letter J in picture form				
Writes uppercase and lowercase letters A through J				
Identifies sounds for letters A through J				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Recalls early memories				
Demonstrates knowledge of days of the week				
Demonstrates knowledge of months of the year				
Shows awareness of concepts of time				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Draws running geometric forms using curved lines				
Draws running geometric forms using straight lines				
Transforms curved line forms into straight line forms				
Shows symmetry in form drawings				
Counts from 1–100 in sequence, ascending				
Counts from 1–100 in sequence, descending				
Counts from 1–100 from a midpoint in the sequence, ascending and descending				
Sorts, measures, counts, and categorizes in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Observes seasonal changes				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				
Observes and draws animal tracks				
Compares animal feet to animal tracks				
Sorts items according to different classifications				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes using B and A notes on the recorder		
Negotiates obstacle course with coordination		
Shows balance while navigating obstacle course		
Moves rhythmically at varying tempos		
Demonstrates knowledge of care of broken bones		

Lesson 6

ASSIGNMENT SUMMARY

Language Arts

- Hear and retell “Prince Darling.”
- Hear and retell “Stone Soup.”
- Draw letters K and L in picture form.
- Identify words with the K sound.
- Identify words with the L sound.
- Practice writing letters A through L.

Social Studies

- Mark special events on the calendar.
- Find family-related locations on a map or globe.

Math

- Find examples of numbers 1 to 10.
- Write numbers 1 to 10.
- Arrange objects in a variety of ways.
- Count 1 to 100, ascending and descending.

Science

- Observe bird behavior.
- Identify local bird species.
- Draw illustrations of bird observations.
- Predict bird behavior.

Arts & Crafts

- Continue the knitting project.
- Make a Bird Feeder.

Music & Movement

- Practice the recorder at varied tempos.
- Do coordination exercises.

Health

- Review activities related to the physical body.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Recalls specific story details				
Retells story events in chronological sequence				
Identifies the K sound in words				
Identifies the L sound in words				
Draws uppercase and lowercase letter K in picture form				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Draws uppercase and lowercase letter L in picture form				
Writes uppercase and lowercase letters A through K				
Identifies sounds for letters A through K				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Uses calendar to note special events				
Shows familiarity with family heritage				
Demonstrates knowledge of days of the week				
Demonstrates knowledge of months of the year				
Shows awareness of concepts of time				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Identifies examples of numbers 1–10 in environment				
Writes numbers 1–10 accurately				
Displays different arrangements of quantities up to 10				
Shows symmetry in form drawings				
Counts from 1–100 in sequence, ascending				
Counts from 1–100 in sequence, descending				
Counts from 1–100 from a midpoint in the sequence, ascending and descending				
Sorts, measures, counts, and categorizes in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Observes seasonal changes				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				
Observes and draws bird behavior				
Identifies local bird species				
Predicts animal behavior based on knowledge of seasons				
Sorts items according to different classifications				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes using B and A notes on the recorder		
Uses varied tempos while playing familiar songs on recorder		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of physical body		

Lesson 7

ASSIGNMENT SUMMARY

Language Arts

- Hear and retell “The Princess on the Glass Mountain.”
- Hear and retell “The Nail.”
- Draw letters M and N in picture form.
- Hammer nails into the N shape.
- Identify words that have the M sound.
- Identify words that have the N sound.
- Practice writing letters M and N.

Social Studies

- Identify ways in which people help one another.

Math

- Introduce the four operations in story form.
- Illustrate the four characters.

Science

- Draw a bird based on observations.
- Observe animals in nature.
- Illustrate how an animal’s needs are met.
- Take care of a pet’s needs.

Arts and Crafts

- Continue the knitting project.
- Build a Bird Nest Supply Box.

Music & Movement

- Learn “The Fork and the Spoon” on the recorder.
- Give a music recital.

Health

- Become aware of the surroundings.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Recalls specific story details				
Retells story events in chronological sequence				
Memorizes and recites verses				
Identifies the M sound in words				
Identifies the N sound in words				
Draws uppercase and lowercase letter M in picture form				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Draws uppercase and lowercase letter N in picture form				
Writes uppercase and lowercase letters A through N				
Identifies sounds for letters A through N				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Uses calendar to note special events				
Shows awareness of how people help one another				
Demonstrates knowledge of days of the week				
Demonstrates knowledge of months of the year				
Shows awareness of concepts of time				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Identifies examples of numbers 1–10 in environment				
Writes numbers 1–10 accurately				
Displays different arrangements of quantities up to 10				
Shows symmetry in form drawings				
Counts from 1–100 in sequence, ascending				
Counts from 1–100 in sequence, descending				
Counts from 1–100 from a midpoint in the sequence, ascending and descending				
Sorts, measures, counts, and categorizes in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Observes seasonal changes				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				
Observes and draws animal behavior				
Identifies local animal species				
Predicts animal behavior based on knowledge of seasons				
Sorts items according to different classifications				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes using B and A notes on the recorder		
Uses varied tempos while playing familiar songs on recorder		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates awareness of surroundings		

Lesson 8

ASSIGNMENT SUMMARY

Language Arts

- Hear and retell “Mr. Who.”
- Hear and retell “The Enchanted Pig.”
- Draw letters O and P in picture form.
- Identify the long and short O sounds.
- Identify words with the P sound.
- Practice writing letters A through P.

Social Studies

- Learn about helpful people in the community.

Math

- Introduce addition.
- Use manipulatives to solve addition problems.
- Create a total quantity in multiple ways.
- Count from 1 to 100, ascending and descending.

Science

- Make a wind vane and determine wind direction.
- Identify cardinal directions, and use a compass.
- Chart daily weather.
- Make weather predictions.

Arts & Crafts

- Continue the knitting project.
- Make a Pinwheel.

Music & Movement

- Learn the note G on the recorder.
- Do balancing exercises.

Health

- Learn about playground safety.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Recalls specific story details				
Retells story events in chronological sequence				
Memorizes and recites verses				
Identifies the long O sound in words				
Identifies the short O sound in words				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Identifies the P sound in words				
Draws uppercase and lowercase letter O in picture form				
Draws uppercase and lowercase letter P in picture form				
Writes uppercase and lowercase letters A through P				
Identifies sounds for letters A through P				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Uses calendar to note special events				
Shows awareness of people in the community				
Demonstrates knowledge of days of the week				
Demonstrates knowledge of months of the year				
Shows awareness of concepts of time				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Uses objects to demonstrate story problems				
Writes numbers 1–10 accurately				
Displays different arrangements of quantities up to 10				
Counts from 1–100 in sequence, ascending				
Counts from 1–100 in sequence, descending				
Counts from 1–100 from a midpoint in the sequence, ascending and descending				
Sorts, measures, counts, and categorizes in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Observes weather conditions				
Measures and records weather conditions				
Collects data over time				
Predicts weather based on observations				
Demonstrates knowledge of cardinal directions				
Displays sense of orientation by locating north consistently				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, and G		
Uses varied tempos while playing familiar songs on recorder		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of playground safety		

Lesson 9

ASSIGNMENT SUMMARY

Language Arts

- Hear and retell “The Magic Locket.”
- Hear and retell “Rumplestiltskin.”
- Hear and retell “The Snake King.”
- Draw letters Q, R, and S in picture form.
- Identify the sounds for Q, R, and S.
- Memorize tongue twisters.

Social Studies

- Add events to the calendar.
- Differentiate between equal and fair.

Math

- Introduce subtraction.
- Use manipulatives to solve subtraction problems.
- Express an equation in picture form.
- Use addition and subtraction in daily life.

- Create a pattern with beads.
- Count varying quantities, ascending and descending.

Science

- Learn about cloud types.
- Chart daily weather.
- Create cloud pictures.
- Determine wind direction.

Arts & Crafts

- Continue the knitting project.
- Make a Fish Wind Sock.

Music & Movement

- Play the recorder.
- Do favorite exercises.

Health

- Learn about sharing personal information.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Recalls specific story details				
Retells story events in chronological sequence				
Memorizes and recites verses				
Identifies the Q sound in words				
Identifies the R sound in words				

LANGUAGE ARTS (continued)	Developing	Consistent	Competent	Notes
Identifies the S sound in words				
Draws uppercase and lowercase letter Q in picture form				
Draws uppercase and lowercase letter R in picture form				
Draws uppercase and lowercase letter S in picture form				
Writes uppercase and lowercase letters A through S				
Identifies sounds for letters A through S				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Uses calendar to note special events				
Differentiates between equal and fair				
Demonstrates knowledge of days of the week				
Demonstrates knowledge of months of the year				
Shows awareness of concepts of time				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Uses objects to demonstrate story problems				
Expresses equation in picture form				
Displays different arrangements of quantities up to 10				
Counts from 1–100 in sequence, ascending				
Counts from 1–100 in sequence, descending				
Counts a specific quantity from a midpoint in a sequence				
Uses addition and subtraction in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Observes weather conditions				
Measures and records weather conditions				
Collects data over time				
Predicts weather based on observations				
Demonstrates knowledge of cardinal directions				
Demonstrates knowledge of cloud types				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, and G		
Uses varied tempos while playing familiar songs on recorder		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of sharing personal information		

Lesson 10

ASSIGNMENT SUMMARY

Language Arts

- Hear and retell “The Story of 12 Brothers.”
- Hear and retell “The Goose Girl.”
- Draw letters T and U in picture form.
- Identify the letter T sound.
- Identify the long and short U sounds.
- Practice writing letters A through U.

Social Studies

- Determine directions using a compass.
- Navigate using a compass.
- Go on a treasure hunt.
- Draw a compass rose.

Math

- Introduce multiplication.
- Use manipulatives to solve multiplication problems.

- Express an equation in picture form.
- Practice skip counting by twos.
- Use multiplication in daily life.

Science

- Observe seasonal animal behavior.
- Illustrate animal habits and habitats.
- Observe and predict the weather.

Arts & Crafts

- Continue the knitting project.
- Finger knit a long chain.

Music & Movement

- Play the recorder.
- Do a marching exercise.

Health

- Learn about cleaning and tidy habits.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Recalls specific story details				
Retells story events in chronological sequence				
Memorizes and recites verses				
Identifies the T sound in words				
Identifies the long U sound in words				

LANGUAGE ARTS (continued)	Developing	Consistent	Competent	Notes
Identifies the short U sound in words				
Draws uppercase and lowercase letter T in picture form				
Draws uppercase and lowercase letter U in picture form				
Writes uppercase and lowercase letters A through U				
Identifies sounds for letters A through U				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Determines directions using a compass				
Navigates using a compass				
Follows orienteering directions				
Shows awareness of concepts of time				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Uses objects to demonstrate story problems				
Expresses equation in picture form				
Solves addition problems with manipulatives				
Solves subtraction problems with manipulatives				
Solves multiplication problems with manipulatives				
Demonstrates skip counting by twos				
Uses math in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Observes weather conditions				
Measures and records weather conditions				
Collects data over time				
Predicts weather based on observations				
Observes animals in nature				
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, and G		
Uses varied tempos while playing familiar songs on recorder		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of house cleaning and tidy habits		

Lesson 11

ASSIGNMENT SUMMARY

Language Arts

- Hear and retell “The Valley of the Weavers.”
- Hear and retell “The Wreath of Birds.”
- Hear and retell “The Extraordinary Crossroads.”
- Identify words using V, W, and X.
- Create a set of alphabet cards.
- Practice writing letters V, W, and X.

Social Studies

- Determine directions inside a room.
- Create a diorama.
- Draw a map.
- Navigate based on a map.

Math

- Introduce division.
- Use manipulatives to solve division problems.

- Express an equation in picture form.
- Practice skip counting by twos.
- Use division in daily life.

Science

- Observe human and nature interactions.
- Learn about nature preservation.
- Observe animal/nature interactions.

Arts & Crafts

- Continue the knitting project.
- Make Knitted Trivets.

Music & Movement

- Learn “Mary Had a Little Lamb” on the recorder.
- Learn pair-style hand-clapping games.

Health

- Learn about firefighters.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Recalls specific story details				
Retells story events in chronological sequence				
Memorizes and recites verses				
Identifies the V sound in words				
Identifies the W sound in words				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Identifies the X sound in words				
Draws uppercase and lowercase letter V in picture form				
Draws uppercase and lowercase letter W in picture form				
Draws uppercase and lowercase letter X in picture form				
Writes uppercase and lowercase letters A through X				
Identifies sounds for letters A through X				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Determines directions using a compass				
Navigates using a compass				
Creates a three-dimensional model using cardinal directions				
Draws a map using cardinal directions				
Navigates based on a simple map				

MATH	Developing	Consistent	Competent	Notes
Uses objects to demonstrate story problems				
Expresses equations in picture form				
Solves addition problems with manipulatives				
Solves subtraction problems with manipulatives				
Solves multiplication problems with manipulatives				
Solves division problems with manipulatives				
Demonstrates skip counting by twos				
Uses math in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Identifies human and nature interactions				
Identifies animal interactions with nature				
Shows awareness of nature preservation				
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, and G		
Uses varied tempos while playing familiar songs on recorder		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of the role of firefighters		

Lesson 12

ASSIGNMENT SUMMARY

Language Arts

- Hear and retell “The Y in the Road.”
- Hear and retell “The Six Sillies.”
- Identify words using Y and Z.
- Practice writing letters A through Z.
- Play alphabet games.

Social Studies

- Draw a house floor plan.
- Add location of outdoor features.

Math

- Use manipulatives to solve story problems.
- Explain the solution.
- Draw the story problem and solution.
- Use math in daily life.

Science

- Observe seasonal changes in nature.
- Draw a seasonal picture.
- Choose an animal to research.

Arts & Crafts

- Continue the knitting project.
- Create a seasonal table.

Music & Movement

- Learn “Hot Cross Buns” on the recorder.
- Explore left/right direction games.

Health

- Review activities about personal safety.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Recalls specific story details				
Retells story events in chronological sequence				
Memorizes and recites verses				
Identifies the Y sound in words				
Identifies the Z sound in words				
Draws uppercase and lowercase letter Y in picture form				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Draws uppercase and lowercase letter Z in picture form				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Determines directions using a compass				
Navigates using a compass				
Draws a simple floor plan with relative accuracy				
Draws a map using cardinal directions				
Navigates based on a simple map				

MATH	Developing	Consistent	Competent	Notes
Uses objects to demonstrate story problems				
Expresses equations in picture form				
Articulates how a problem was solved				
Solves addition problems with manipulatives				
Solves subtraction problems with manipulatives				
Solves multiplication problems with manipulatives				
Solves division problems with manipulatives				
Demonstrates skip counting by twos				
Uses math in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Identifies human and nature interactions				
Identifies animal interactions with nature				
Shows awareness of seasonal changes				
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, and G		
Uses varied tempos while playing familiar songs on recorder		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of personal safety		

Lesson 13

ASSIGNMENT SUMMARY

Language Arts

- Identify and write AD words.
- Identify and write AN words.
- Make up a poem or song.

Social Studies

- Explore the local neighborhood.
- Draw a map of the neighborhood.
- Describe how to navigate various routes.

Math

- Express an equation in picture form.
- Review the four operations.
- Identify missing numbers in a sequence.

Science

- Compare seasonal differences.
- Draw pictures of winter.
- Learn about snowflakes.

Arts & Crafts

- Make Paper Snowflakes.

Music & Movement

- Learn “The Light of the Moon” on the recorder.
- Experiment with a balance yoke.
- Practice different ways of moving.

Health

- Complete an activity about a balanced diet.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Identifies AD words				
Identifies AN words				
Memorizes and recites verses				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Creates a map using landmarks				
Articulates how to navigate various routes				
Navigates using a compass				
Draws a map using cardinal directions				
Navigates based on a simple map				

MATH	Developing	Consistent	Competent	Notes
Identifies missing numbers in a sequence				
Uses objects to demonstrate story problems				
Expresses equations in picture form				
Articulates how a problem was solved				
Solves addition problems with manipulatives				
Solves subtraction problems with manipulatives				

MATH (continued)	Developing	Consistent	Competent	Notes
Solves multiplication problems with manipulatives				
Solves division problems with manipulatives				
Demonstrates skip counting by twos				
Uses math in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Compares seasonal differences				
Shows awareness of seasonal changes				
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, and G		
Uses varied tempos while playing familiar songs on recorder		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of a balanced diet		

Lesson 14

ASSIGNMENT SUMMARY

Language Arts

- Identify and write AM words.
- Identify and write AR words.
- Identify and write AP words.

Social Studies

- Explore the local town.
- Identify a route on a local map.
- Travel the chosen route.
- Draw a map legend.

Math

- Express equations in picture form.
- Translate story problems into number sentences.
- Identify missing numbers in a sequence.
- Practice skip counting by twos with movement.

Science

- Identify deciduous and coniferous trees.
- Compare and sort different types of leaves.
- Draw deciduous trees and conifers.

Arts & Crafts

- Make Potpourri.

Music & Movement

- Learn “Rock-a-Bye Baby” on the recorder.
- Experiment with locomotion exercises.

Health

- Complete an activity about healthy eating habits.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Identifies AM words				
Identifies AR words				
Identifies AP words				
Memorizes and recites verses				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Creates a map using landmarks				
Articulates how to navigate various routes				
Traces a route on a map				
Shows familiarity with a map legend				
Draws a map using cardinal directions				
Navigates based on a simple map				

MATH	Developing	Consistent	Competent	Notes
Translates story problems into equations				
Identifies missing numbers in a sequence				
Uses objects to demonstrate story problems				
Articulates how a problem was solved				
Solves addition problems with manipulatives				
Solves subtraction problems with manipulatives				
Solves multiplication problems with manipulatives				
Solves division problems with manipulatives				
Demonstrates skip counting by twos				
Uses math in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Identifies deciduous and coniferous trees				
Compares and sorts leaves				
Compares seasonal differences				
Shows awareness of seasonal changes				
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, and G		
Uses varied tempos while playing familiar songs on recorder		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of healthy eating habits		

Lesson 15

ASSIGNMENT SUMMARY

Language Arts

- Identify and write AT words.
- Identify and write ACK words.
- Identify and write ANK words.

Social Studies

- Study a state map.
- Draw a state map.

Math

- Count multiples of five.
- Practice skip counting by fives with movement.
- Draw a representation of counting by fives.
- Draw and count multiples of ten.
- Practice skip counting by tens with movement.

Science

- Learn how animals adapt to the seasons.
- Discuss how humans adapt to the seasons.
- Make a seasonal collage.

Arts & Crafts

- Make a Sewing Book.

Music & Movement

- Learn “Pat-a-Cake” on the recorder.
- Practice jumping rope.

Health

- Complete a baking activity.

Learning Assessment

Use this assessment form to track and document your child’s progress over time.

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Identifies AT words				
Identifies ACK words				
Identifies ANK words				
Memorizes and recites verses				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Identifies locations on a state map				
Articulates how to navigate various routes				
Traces a route on a map				
Shows familiarity with a map legend				
Draws a simple state map				
Navigates based on a simple map				

MATH	Developing	Consistent	Competent	Notes
Demonstrates skip counting by twos				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates story problems into equations				
Identifies missing numbers in a sequence				

MATH (continued)	Developing	Consistent	Competent	Notes
Articulates how a problem was solved				
Solves addition problems with manipulatives				
Solves subtraction problems with manipulatives				
Solves multiplication problems with manipulatives				
Solves division problems with manipulatives				
Uses math in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Demonstrates knowledge of how animals adapt to seasonal changes				
Demonstrates knowledge of how humans adapt to seasonal changes				
Compares seasonal differences				
Shows awareness of seasonal changes				
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, and G		
Uses varied tempos while playing familiar songs on recorder		
Demonstrates ability to jump rope		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Participates in baking project		

Lesson 16

ASSIGNMENT SUMMARY

Language Arts

- Identify and write AY words.
- Identify and write AIL words.
- Identify and write AIN words.
- Make word family sliders.

Social Studies

- Study a U.S. map.
- Draw a U.S. map.
- Describe the local climate.

Math

- Count using ordinal numbers.
- Write ordinal numbers in numeric form.
- Practice skip counting by twos, fives, and tens.
- Identify missing numbers in a sequence.

Science

- Learn about animals that hibernate.
- Compare human and animal needs for food and shelter.

Arts & Crafts

- Make a Felt Hand Puppet.

Music & Movement

- Learn “Fireflies” on the recorder.
- Practice frog leaping.

Health

- Complete an activity related to exercise.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Identifies AY words				
Identifies AIL words				
Identifies AIN words				
Memorizes and recites verses				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Identifies location of home state on a U.S. map				
Articulates how to navigate various routes				
Traces a route on a map				
Shows familiarity with a map legend				
Draws a simple U.S. map				
Navigates based on a simple map				

MATH	Developing	Consistent	Competent	Notes
Names ordinal numbers up to 20th				
Writes ordinal numbers in numeric form				
Demonstrates skip counting by twos				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				

MATH (continued)	Developing	Consistent	Competent	Notes
Translates story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				
Solves addition problems with manipulatives				
Solves subtraction problems with manipulatives				
Solves multiplication problems with manipulatives				
Solves division problems with manipulatives				
Uses math in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Demonstrates knowledge of how animals adapt to seasonal changes				
Compares animal and human needs				
Compares seasonal differences				
Shows awareness of seasonal changes				
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, and G		
Uses varied tempos while playing familiar songs on recorder		
Demonstrates ability to jump rope		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Participates in regular exercise		

Lesson 17

ASSIGNMENT SUMMARY

Language Arts

- Identify and write ED words.
- Identify and write EN words.
- Identify and write ELL words.
- Identify and write EW words.

Social Studies

- Locate places on a globe.
- Draw a globe.

Math

- Sort and classify a number of objects.

Science

- Learn about and identify erosion.
- Draw examples of erosion.

Arts & Crafts

- Create an Everlasting Calendar.

Music & Movement

- Learn the C note on the recorder.
- Experiment with different beats for hands and feet.

Health

- Complete an activity related to causes of stress.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Identifies ED words				
Identifies EN words				
Identifies ELL words				
Identifies EW words				
Memorizes and recites verses				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Identifies location on a globe				
Draws a simple globe				
Articulates how to navigate various routes				
Traces a route on a map				
Shows familiarity with a map legend				
Navigates based on a simple map				

MATH	Developing	Consistent	Competent	Notes
Names ordinal numbers up to 20th				
Writes ordinal numbers in numeric form				
Demonstrates skip counting by twos				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				

MATH (continued)	Developing	Consistent	Competent	Notes
Sorts and classifies objects in multiple ways				
Translates story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				
Solves addition problems with manipulatives				
Solves subtraction problems with manipulatives				
Solves multiplication problems with manipulatives				
Solves division problems with manipulatives				
Uses math in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Identifies signs of erosion				
Compares seasonal differences				
Shows awareness of seasonal changes				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, and C		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of causes of stress		

Lesson 18

ASSIGNMENT SUMMARY

Language Arts

- Identify and write ENT words.
- Identify and write EST words.
- Identify and write EED words.
- Review previous word families.

Social Studies

- Identify characteristics of different climate regions.
- Compare lifestyles in different climate regions.
- Draw detailed pictures of life in other regions.

Math

- Review the first semester.
- Practice skip counting by twos, fives, and tens.
- Identify missing numbers in a sequence.

Science

- Learn about constellations.
- Draw a picture of the night sky.

Arts & Crafts

- Create an Ice Sculpture.

Music & Movement

- Practice exercises on the recorder.
- Play relay races and chase games.

Health

- Review activities related to healthy habits.

Learning Assessment

Use this assessment form to track and document your child's progress over time.

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Identifies ENT words				
Identifies EST words				
Identifies EED words				
Memorizes and recites verses				
Writes uppercase and lowercase letters A through Z				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Identifies locations on a globe				
Draws a simple globe				
Compares characteristics of living in various climate regions				
Traces a route on a map				
Shows familiarity with a map legend				
Navigates based on a simple map				

MATH	Developing	Consistent	Competent	Notes
Names ordinal numbers up to 20th				
Writes ordinal numbers in numeric form				
Demonstrates skip counting by twos				

MATH (continued)	Developing	Consistent	Competent	Notes
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Sorts and classifies objects in multiple ways				
Translates story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				
Solves addition problems with manipulatives				
Solves subtraction problems with manipulatives				
Solves multiplication problems with manipulatives				
Solves division problems with manipulatives				
Uses math in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Shows familiarity with constellations				
Compares seasonal differences				
Shows awareness of seasonal changes				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, and C		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of healthy habits		

Lesson 19

ASSIGNMENT SUMMARY

Language Arts

- Identify and write IN words.
- Identify and write ILL words.
- Identify and write IT words.

Social Studies

- Read a story about goods and services.
- Create a store.

Math

- Count using ordinal numbers.
- Write ordinal numbers in numeric form.

Science

- Learn about animals in the polar regions.
- Perform an experiment about blubber.

Arts & Crafts

- Make a Winter Wreath.

Music & Movement

- Learn “Rain, Rain, Go Away” on the recorder.
- Practice rolling.

Health

- Learn about rules and fair play.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Identifies IN words				
Identifies ILL words				
Identifies IT words				
Memorizes and recites verses				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Shows familiarity with bartering system				
Identifies locations on a globe				
Draws a simple globe				
Compares characteristics of living in various climate regions				
Traces a route on a map				
Shows familiarity with a map legend				
Navigates based on a simple map				

MATH	Developing	Consistent	Competent	Notes
Names ordinal numbers up to 20th				
Writes ordinal numbers in numeric form				
Demonstrates skip counting by twos				
Demonstrates skip counting by fives				

MATH (continued)	Developing	Consistent	Competent	Notes
Demonstrates skip counting by tens				
Sorts and classifies objects in multiple ways				
Translates story problems into equations				
Identifies missing numbers in a sequence				
Uses objects to demonstrate story problems				
Expresses equations in picture form				
Articulates how a problem was solved				
Solves addition problems with manipulatives				
Solves subtraction problems with manipulatives				
Solves multiplication problems with manipulatives				
Solves division problems with manipulatives				
Uses math in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Performs an experiment and draws conclusions				
Compares different geographical regions				
Shows awareness of seasonal changes				
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, and C		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of fair play		

Lesson 20

ASSIGNMENT SUMMARY

Language Arts

- Identify and write ING words.
- Identify and write IP words.
- Identify and write ICK words.
- Identify and write INK words.
- Practice oral spelling and word identification.

Social Studies

- Explore cultural similarities and differences.
- Identify ways to help family members.
- Discuss community involvement.

Math

- Explore spiral form drawings.
- Search for spiral shapes in the environment.
- Use math to solve daily problems.

Science

- Learn about diurnal and nocturnal animals.
- Illustrate the habits of diurnal and nocturnal animals.
- Observe animals in nature in day and night.

Arts & Crafts

- Make a God's Eye.

Music & Movement

- Learn "Bells of Michaelmas" on the recorder.
- Experiment with finger exercises.

Health

- Complete an activity about personal space.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Identifies ING words				
Identifies IP words				
Identifies ICK words				
Identifies INK words				
Demonstrates oral spelling and word recognition				
Memorizes and recites verses				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Identifies cultural similarities and differences				
Demonstrates awareness of community involvement				
Shows familiarity with bartering system				
Identifies locations on a globe				
Draws a simple globe				
Compares characteristics of living in various climate regions				
Traces a route on a map				
Shows familiarity with a map legend				
Navigates based on a simple map				

MATH	Developing	Consistent	Competent	Notes
Draws spiral form drawings				
Demonstrates skip counting by twos				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				
Solves addition problems with manipulatives				
Solves subtraction problems with manipulatives				
Solves multiplication problems with manipulatives				
Solves division problems with manipulatives				
Uses math in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Differentiates between diurnal and nocturnal animals				
Compares different geographical regions				
Shows awareness of seasonal changes				
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, and C		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of personal space		

Lesson 21

ASSIGNMENT SUMMARY

Language Arts

- Identify and write INE words.
- Identify and write IGHT words.
- Identify and write OUT words.
- Practice oral spelling and word identification.

Social Studies

- Explore cultural exchanges.
- Draw historical items of trade.

Math

- Draw graduated nesting forms.
- Search for nesting forms in the environment.
- Draw and cut out lily pads.

Science

- Describe sensory impressions.
- Distinguish between gas, liquid, and solid.
- Observe matter changing forms.
- Draw an example of different forms of matter.

Arts & Crafts

- Make a Twig Raft.

Music & Movement

- Learn the D note on the recorder.
- Explore favorite movement exercises.

Health

- Complete an activity about listening.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Identifies INE words				
Identifies IGHT words				
Identifies OUT words				
Demonstrates oral spelling and word recognition				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Identifies cultural similarities and differences				
Demonstrates awareness of community involvement				
Shows familiarity with bartering system				
Identifies locations on a globe				
Draws a simple globe				
Compares characteristics of living in various climate regions				
Traces a route on a map				
Shows familiarity with a map legend				
Navigates based on a simple map				

MATH	Developing	Consistent	Competent	Notes
Draws nesting form drawings				
Demonstrates skip counting by twos				

MATH (continued)	Developing	Consistent	Competent	Notes
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				
Solves addition problems with manipulatives				
Solves subtraction problems with manipulatives				
Solves multiplication problems with manipulatives				
Solves division problems with manipulatives				
Uses math in the context of daily activities				

SCIENCE	Developing	Consistent	Competent	Notes
Performs an experiment and draws conclusions				
Describes sensory impressions				
Distinguishes between gas, liquid, and solid				
Shows awareness of seasonal changes				
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, C, and D		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates listening skills		

Lesson 22

ASSIGNMENT SUMMARY

Language Arts

- Identify and write OW (short O) words.
- Identify and write OCK words.
- Identify and write OP words.
- Practice oral spelling and word identification.

Social Studies

- Learn about life long ago.
- Discuss the concept of saving.

Math

- Count by twos and write the 2 times table.
- Count by threes and write the 3 times table.
- Solve mental math problems.
- Solve multistep problems.

Science

- Learn about dolphins.
- Paint a dolphin picture.

Arts & Crafts

- Make a Ribbon Bookmark.

Music & Movement

- Practice songs on the recorder.
- Do a core-balancing exercise.
- Do rhythmic activities.

Health

- Complete an activity about family and friends.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Identifies OW words with short O sound				
Identifies OCK words				
Identifies OP words				
Reads words aloud				
Demonstrates oral spelling and word recognition				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Identifies cultural similarities and differences				
Demonstrates awareness of community involvement				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Solves mental math problems				
Solves multistep problems involving addition				
Solves multistep problems involving subtraction				
Solves multistep problems involving multiplication				
Solves multistep problems involving division				
Demonstrates skip counting by twos				
Demonstrates skip counting by threes				
Demonstrates skip counting by fives				

MATH (continued)	Developing	Consistent	Competent	Notes
Demonstrates skip counting by tens				
Translates story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				

SCIENCE	Developing	Consistent	Competent	Notes
Shows awareness of seasonal changes				
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, C, and D		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates awareness of relationships with family and friends		

Lesson 23

ASSIGNMENT SUMMARY

Language Arts

- Identify and write OT words.
- Identify and write ORE words.
- Identify and write OW (long O) words.

Social Studies

- Reflect on story events.
- Discuss the concept of choice.

Math

- Explore the connection between addition and multiplication.
- Find a missing number in an equation.
- Practice the 2, 3, 5, and 10 times tables.
- Solve mental math problems.

Science

- Learn about and plant tomato seeds.
- Plan a garden plot.

Arts & Crafts

- Make Beanbags.

Music & Movement

- Learn “A Happy Song” on the recorder.
- Play a beanbag toss game.

Health

- Complete an activity about emotions.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Identifies OT words				
Identifies ORE words				
Identifies OW words with long O sound				
Reads words aloud				
Recognizes certain words on sight				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Identifies cultural similarities and differences				
Demonstrates awareness of the concept of choice				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Demonstrates the interrelationship between addition and multiplication				
Solves mental math problems				
Solves multistep problems involving addition				
Solves multistep problems involving subtraction				
Solves multistep problems involving multiplication				
Solves multistep problems involving division				
Finds a missing number in an equation				
Demonstrates skip counting by twos				
Demonstrates skip counting by threes				

MATH (continued)	Developing	Consistent	Competent	Notes
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				

SCIENCE	Developing	Consistent	Competent	Notes
Demonstrates knowledge of seed requirements for growth				
Monitors and nurtures plant growth over time				
Shows awareness of seasonal changes				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, C, and D		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates vocabulary of emotions		

Lesson 24

ASSIGNMENT SUMMARY

Language Arts

- Identify and write UG words.
- Identify and write UM words.
- Identify and write UN words.
- Put words in alphabetical order.

Social Studies

- Reflect on story events.
- Create a story based on a real-life event.
- Identify goods and services in the community.

Math

- Explore number bonds up to 10.
- Find a missing number in an equation.

- Identify number bonds for 1–9.
- Solve mental math problems.

Science

- Form hypotheses and test them.
- Record experiment data in a chart.

Arts & Crafts

- Make a Homemade Bird Wreath.

Music & Movement

- Learn “The Warbler” on the recorder.
- Create an obstacle course.

Health

- Review activities related to self-esteem.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Identifies UG words				
Identifies UM words				
Identifies UN words				
Reads words aloud				
Recognizes certain words on sight				
Demonstrates oral spelling and word recognition				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Creates a story from real-life events				
Differentiates between goods and services				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Identifies addition number bonds up to 10				
Identifies multiplication number bonds up to 10				
Demonstrates the interrelationship between addition and multiplication				
Solves mental math problems				
Solves multistep problems involving addition				
Solves multistep problems involving subtraction				
Solves multistep problems involving multiplication				
Solves multistep problems involving division				

MATH (continued)	Developing	Consistent	Competent	Notes
Finds a missing number in an equation				
Demonstrates skip counting by twos				
Demonstrates skip counting by threes				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				

SCIENCE	Developing	Consistent	Competent	Notes
Forms a hypothesis				
Performs an experiment and draws conclusions				
Records observation data				
Demonstrates knowledge of seed requirements for growth				
Monitors and nurtures plant growth over time				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, C, and D		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		

Lesson 25

ASSIGNMENT SUMMARY

Language Arts

- Identify and write UCK words.
- Identify and write UNK words.
- Identify and write Y words.
- Review and read word families.

Social Studies

- Reflect on story events.
- Identify roles of individual family members.
- Compare two different scenarios.

Math

- Explore number bonds up to 20.
- Solve three-step mental math problems.
- Find a missing number in an equation.

Science

- Learn to read a thermometer.
- Record the temperature each day.
- Draw a picture of a thermometer.

Arts & Crafts

- Do a favorite craft project.

Music & Movement

- Learn “A Cradle Song” on the recorder.
- Do a body-roll ball game.

Health

- Complete an activity related to handling success and failure.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Identifies UCK words				
Identifies UNK words				
Identifies Y words				
Reads words aloud				
Recognizes certain words on sight				
Demonstrates oral spelling and word recognition				
Writes uppercase and lowercase letters A through Z				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Creates a story from real-life events				
Identifies roles of family members				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Identifies addition number bonds up to 20				
Identifies multiplication number bonds up to 20				
Demonstrates the interrelationship between addition and multiplication				
Solves mental math problems				
Solves multistep problems involving addition				
Solves multistep problems involving subtraction				

MATH (continued)	Developing	Consistent	Competent	Notes
Solves multistep problems involving multiplication				
Solves multistep problems involving division				
Finds a missing number in an equation				
Demonstrates skip counting by twos				
Demonstrates skip counting by threes				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				

SCIENCE	Developing	Consistent	Competent	Notes
Forms a hypothesis				
Performs an experiment and draws conclusions				
Records observation data				
Reads a thermometer				
Shows awareness of seasonal changes				
Monitors and nurtures plant growth over time				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, C, and D		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of handling success and failure		

Lesson 26

ASSIGNMENT SUMMARY

Language Arts

- Write a brief story summary.
- Introduce the BL and BR consonant blends.
- Put letters in alphabetical order.

Social Studies

- Design and build a model of a house.
- Differentiate between needs and wants.
- Discuss the concepts of scarcity and adaptation.

Math

- Explore the connection between multiplication and division.
- Work with oral and written problems in story and numeric formats.
- Review the 2, 3, 5, and 10 times tables.
- Solve four-step mental math problems.

Science

- Learn about pond life.
- Differentiate between living and nonliving things.
- Experiment with buoyancy and density.

Arts & Crafts

- Paint a pond scene.
- Begin knitting a pot holder.

Music & Movement

- Learn “Oats, Peas, Beans, and Barley Grow” on the recorder.
- Play a catching game.

Health

- Complete an activity related to decision-making.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Writes a brief story summary				
Identifies BL consonant blend				
Identifies BR consonant blend				
Reads words aloud				
Recognizes certain words on sight				
Demonstrates oral spelling and word recognition				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Puts letters in alphabetical order				
Puts words in alphabetical order				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Creates a model of a house				
Differentiates between needs and wants				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Identifies addition number bonds up to 20				
Identifies multiplication number bonds up to 20				
Demonstrates the interrelationship between addition and multiplication				

MATH (<i>continued</i>)	Developing	Consistent	Competent	Notes
Demonstrates the interrelationship between multiplication and division				
Solves mental math problems				
Solves multistep problems involving addition				
Solves multistep problems involving subtraction				
Solves multistep problems involving multiplication				
Solves multistep problems involving division				
Finds a missing number in an equation				
Demonstrates skip counting by twos				
Demonstrates skip counting by threes				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				

SCIENCE	Developing	Consistent	Competent	Notes
Forms a hypothesis				
Performs an experiment and draws conclusions				
Records observation data				
Differentiates between living and nonliving things				

SCIENCE <i>(continued)</i>	Developing	Consistent	Competent	Notes
Shows awareness of seasonal changes				
Monitors and nurtures plant growth over time				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, C, and D		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of the decision-making process		

Lesson 27

ASSIGNMENT SUMMARY

Language Arts

- Introduce the CL and CR consonant blends.
- Write a brief story summary.
- Read from the MLB or an early reader.

Social Studies

- Create a marketplace to buy and sell.

Math

- Explore the connection between addition and subtraction.
- Work with oral and written problems in story and numeric formats.
- Solve four-step mental math problems.

Science

- Learn about forest life.
- Compare and contrast forest and pond habitats.
- Create a forest diorama.

Arts & Crafts

- Continue the pot holder knitting project.

Music & Movement

- Learn “Night Is Falling” on the recorder.
- Play games with a bouncing ball.

Health

- Complete an activity related to staying safe in public places.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Writes a brief story summary				
Identifies CL consonant blend				
Identifies CR consonant blend				
Reads words aloud				
Recognizes certain words on sight				
Demonstrates oral spelling and word recognition				
Puts letters in alphabetical order				
Puts words in alphabetical order				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Creates a model marketplace				
Differentiates between needs and wants				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Identifies addition number bonds up to 20				
Identifies multiplication number bonds up to 20				
Demonstrates the interrelationship between addition and subtraction				
Demonstrates the interrelationship between addition and multiplication				

MATH (continued)	Developing	Consistent	Competent	Notes
Demonstrates the interrelationship between multiplication and division				
Solves mental math problems				
Solves multistep problems involving all four processes				
Finds a missing number in an equation				
Demonstrates skip counting by twos				
Demonstrates skip counting by threes				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				

SCIENCE	Developing	Consistent	Competent	Notes
Forms a hypothesis				
Performs an experiment and draws conclusions				
Records observation data				
Compares and contrasts different habitats				
Shows awareness of seasonal changes				
Shows knowledge of animal habits and habitats				
Monitors and nurtures plant growth over time				

SCIENCE <i>(continued)</i>	Developing	Consistent	Competent	Notes
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, C, and D		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of staying safe in public places		

Lesson 28

ASSIGNMENT SUMMARY

Language Arts

- Introduce the DR, FL, and FR consonant blends.
- Make a collage related to consonant blends.
- Read from the MLB or an early reader.
- Write a brief story summary.

Social Studies

- Discuss an underlying story theme.
- Project the outcome of a social situation.
- Discuss the concept of fair play.

Math

- Introduce addition and subtraction in vertical format.
- Introduce multiplication and division in vertical format.

- Work with written problems in vertical and horizontal formats.
- Solve multistep mental math problems.
- Review number bonds and times tables.

Science

- Observe bird activity and record data.
- Make leaf rubbings.

Arts & Crafts

- Make a Lemon Pin Cushion.

Music & Movement

- Learn “Wee Son Jon” on the recorder.
- Practice jumping rope.

Health

- Complete an activity related to fire safety.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Writes a brief story summary				
Identifies DR consonant blend				
Identifies FL consonant blend				
Identifies FR consonant blend				
Reads words aloud				
Recognizes certain words on sight				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Demonstrates oral spelling and word recognition				
Puts letters in alphabetical order				
Puts words in alphabetical order				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

WRITING: STORY-SUMMARY SENTENCES
Please describe how your child created the story-summary sentences this week. Use this space to clarify what (if any) assistance was necessary.

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Projects the outcome of a social situation				
Demonstrates understanding of fair play				

SOCIAL STUDIES <i>(continued)</i>	Developing	Consistent	Competent	Notes
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Uses vertical format in addition and subtraction				
Uses vertical format in multiplication and division				
Identifies addition number bonds up to 20				
Identifies multiplication number bonds up to 20				
Demonstrates the interrelationship between addition and subtraction				
Demonstrates the interrelationship between addition and multiplication				
Demonstrates the interrelationship between multiplication and division				
Solves mental math problems				
Solves multistep problems involving all four processes				
Finds a missing number in an equation				
Demonstrates skip counting by twos				
Demonstrates skip counting by threes				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				

SCIENCE	Developing	Consistent	Competent	Notes
Forms a hypothesis				
Performs an experiment and draws conclusions				
Records observation data				
Compares and contrasts different habitats				
Shows awareness of seasonal changes				
Shows knowledge of animal habits and habitats				
Monitors and nurtures plant growth over time				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, C, and D		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of fire safety		

Lesson 29

ASSIGNMENT SUMMARY

Language Arts

- Introduce the GL and GR consonant blends.
- Read from an early reader.
- Alphabetize a list of words.
- Write a brief story summary.

Social Studies

- Discuss an underlying story theme.
- Experiment with a game with no rules.
- Identify and write a list of family rules.

Math

- Practice counting and adding to 100.
- Work with multiples up to 100.
- Create a pattern grid of numbers.
- Solve multistep mental math problems.

Science

- Learn about lightning and thunder.
- Make a fireworks painting.
- Calculate the distance of lightning.

Arts & Crafts

- Do Circle Weaving.

Music & Movement

- Learn “The Flight of the Bluebird” on the recorder.
- Practice kicking a ball.

Health

- Complete an activity related to media.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Writes a brief story summary				
Identifies GL consonant blend				
Identifies GR consonant blend				
Reads words aloud				
Recognizes certain words on sight				
Demonstrates oral spelling and word recognition				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Puts letters in alphabetical order				
Puts words in alphabetical order				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Projects the outcome of a social situation				
Demonstrates understanding of the value of rules				
Identifies family rules				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Uses vertical format in addition and subtraction				
Uses vertical format in multiplication and division				
Identifies addition number bonds up to 20				

MATH (continued)	Developing	Consistent	Competent	Notes
Identifies multiplication number bonds up to 20				
Demonstrates the interrelationship between addition and subtraction				
Demonstrates the interrelationship between addition and multiplication				
Demonstrates the interrelationship between multiplication and division				
Solves mental math problems				
Solves multistep problems involving all four processes				
Finds a missing number in an equation				
Demonstrates skip counting by twos				
Demonstrates skip counting by threes				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				

SCIENCE	Developing	Consistent	Competent	Notes
Performs calculations related to thunder and lightning				
Shows awareness of seasonal changes				
Monitors and nurtures plant growth over time				

SCIENCE <i>(continued)</i>	Developing	Consistent	Competent	Notes
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, C, and D		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates awareness of media influence		

Lesson 30

ASSIGNMENT SUMMARY

Language Arts

- Introduce the PL and PR consonant blends.
- Read from an early reader.
- Write a brief story summary.

Social Studies

- Discuss an underlying story theme.
- Make up a story about shirking responsibilities.

Math

- Translate multistep problems into written form.
- Play board games and card games.

Science

- Observe sounds in nature.
- Create a puppet play about animal communication.
- Identify and imitate animal sounds.

Arts & Crafts

- Make a Puppet Theater.

Music & Movement

- Learn “Shepherd’s Hay” on the recorder.
- Perform large and small muscle movements.

Health

- Review activities related to self and community.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Writes a brief story summary				
Identifies PL consonant blend				
Identifies PR consonant blend				
Reads words aloud				
Recognizes certain words on sight				
Demonstrates oral spelling and word recognition				
Puts letters in alphabetical order				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Puts words in alphabetical order				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Projects the outcome of a social situation				
Demonstrates understanding of the value of work				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Uses vertical format in addition and subtraction				
Uses vertical format in multiplication and division				
Identifies addition number bonds up to 20				
Identifies multiplication number bonds up to 20				

MATH (continued)	Developing	Consistent	Competent	Notes
Demonstrates the interrelationship between addition and subtraction				
Demonstrates the interrelationship between addition and multiplication				
Demonstrates the interrelationship between multiplication and division				
Solves mental math problems				
Solves multistep problems involving all four processes				
Finds a missing number in an equation				
Demonstrates skip counting by twos				
Demonstrates skip counting by threes				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates multistep story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				

SCIENCE	Developing	Consistent	Competent	Notes
Observes and identifies animal sounds				
Demonstrates focused observation skills				
Monitors and nurtures plant growth over time				
Shows awareness of seasonal changes				

SCIENCE (continued)	Developing	Consistent	Competent	Notes
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, C, and D		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		

Lesson 31

ASSIGNMENT SUMMARY

Language Arts

- Introduce the SC and SCR consonant blends.
- Read from an early reader.
- Practice oral spelling.
- Write a brief story summary.

Social Studies

- Discuss an underlying story theme.
- Discuss taking responsibility for your actions.

Math

- Play dice games with the four operations.
- Add multiple numbers using the commutative property.
- Work with two-digit number bonds.

Science

- Observe nesting behavior in birds.
- Learn about different types of nests.
- Plant seeds for a garden.

Arts & Crafts

- Make a Gourd Bird Feeder.

Music & Movement

- Learn “Lullaby” on the recorder.
- Perform calisthenics.
- Do an endurance exercise.

Health

- Complete an activity related to an active lifestyle.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Writes a brief story summary				
Identifies SC consonant blend				
Identifies SCR consonant blend				
Reads words aloud				
Recognizes certain words on sight				
Demonstrates oral spelling and word recognition				
Puts letters in alphabetical order				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Puts words in alphabetical order				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

WRITING: STORY-SUMMARY SENTENCES
Please describe how your child created the story-summary sentences this week. Use this space to clarify what (if any) assistance was necessary.

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Projects the outcome of a social situation				
Demonstrates understanding of taking responsibility for actions				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Adds multiple numbers				
Identifies addition number bonds up to 20				
Identifies multiplication number bonds up to 20				
Solves mental math problems				
Solves multistep problems involving all four processes				
Finds a missing number in an equation				
Demonstrates skip counting by twos				
Demonstrates skip counting by threes				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates multistep story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				

SCIENCE	Developing	Consistent	Competent	Notes
Demonstrates knowledge of nesting behavior				
Demonstrates focused observation skills				
Demonstrates knowledge of plant needs				
Monitors and nurtures plant growth over time				
Shows awareness of seasonal changes				

SCIENCE (continued)	Developing	Consistent	Competent	Notes
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, C, and D		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates an active lifestyle		

Lesson 32

ASSIGNMENT SUMMARY

Language Arts

- Introduce the SL, SM, and SN consonant blends.
- Read from an early reader.
- Write a brief story summary.
- Play charades.

Social Studies

- Discuss an underlying story theme.
- Play Tall, Tall Tale or True, True Story.

Math

- Introduce odd and even numbers.
- Identify odd and even numbers.
- Work with the 2, 3, 5, and 10 times tables.
- Do mental math.

Science

- Observe a flowering tree.
- Learn about seed dispersal.
- Track the weather and compare seasonal differences.

Arts & Crafts

- Make Garden Markers.

Music & Movement

- Learn “Sweet Child” on the recorder.
- Perform child-led calisthenics.

Health

- Complete an activity related to strength development.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Writes a brief story summary				
Identifies SL consonant blend				
Identifies SM consonant blend				
Identifies SN consonant blend				
Reads words aloud				
Recognizes certain words on sight				
Demonstrates oral spelling and word recognition				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Puts letters in alphabetical order				
Puts words in alphabetical order				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

WRITING: STORY-SUMMARY SENTENCES
Please describe how your child created the story-summary sentences this week. Use this space to clarify what (if any) assistance was necessary.

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Projects the outcome of a social situation				
Differentiates between truth and fiction				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Identifies odd and even numbers				
Adds multiple numbers				
Identifies addition number bonds up to 20				
Identifies multiplication number bonds up to 20				
Solves mental math problems				
Solves multistep problems involving all four processes				
Finds a missing number in an equation				
Demonstrates skip counting by twos				
Demonstrates skip counting by threes				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates multistep story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				

SCIENCE	Developing	Consistent	Competent	Notes
Demonstrates knowledge of seed dispersal				
Demonstrates focused observation skills				
Monitors and nurtures plant growth over time				
Records observation data over time				

SCIENCE <i>(continued)</i>	Developing	Consistent	Competent	Notes
Compares and contrasts different habitats				
Shows awareness of seasonal changes				
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, C, and D		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates ways to develop strength		

Lesson 33

ASSIGNMENT SUMMARY

Language Arts

- Introduce the SP and SPR consonant blends.
- Read from an early reader.
- Create a mini-book.

Social Studies

- Discuss an underlying story theme.
- Consider ways to be helpful and kind.

Math

- Work with more complex story problems.
- Review math skills.

Science

- Observe and chart the growth of local flowers.
- Draw the development of a flowering tree.

Arts & Crafts

- Make Juggling Balls.

Music & Movement

- Continue playing the recorder.
- Begin learning to juggle.

Health

- Complete an activity related to flexibility.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Writes a brief story summary				
Identifies SP consonant blend				
Identifies SPR consonant blend				
Reads words aloud				
Recognizes certain words on sight				
Demonstrates oral spelling and word recognition				
Puts letters in alphabetical order				
Puts words in alphabetical order				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

WRITING: STORY-SUMMARY SENTENCES

Please describe how your child created the story-summary sentences this week. Use this space to clarify what (if any) assistance was necessary.

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Projects the outcome of a social situation				
Identifies ways to be helpful to others				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Identifies odd and even numbers				
Adds multiple numbers				
Identifies addition number bonds up to 20				
Identifies multiplication number bonds up to 20				

MATH (continued)	Developing	Consistent	Competent	Notes
Solves mental math problems				
Solves multistep problems involving all four processes				
Finds a missing number in an equation				
Demonstrates skip counting by twos				
Demonstrates skip counting by threes				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates multistep story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				

SCIENCE	Developing	Consistent	Competent	Notes
Records plant growth over time				
Demonstrates focused observation skills				
Shows awareness of seasonal changes				
Monitors and nurtures plant growth over time				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, C, and D		
Uses varied tempos while playing familiar songs on recorder		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		
Demonstrates knowledge of stretching exercises		

Lesson 34

ASSIGNMENT SUMMARY

Language Arts

- Introduce the ST, STR, and SW consonant blends.
- Read from an early reader.
- Write a story summary.
- Play a consonant blend matching game.

Social Studies

- Discuss an underlying story theme.
- Explore the effect of being compassionate.

Math

- Practice the four operations.
- Review math activities.

Science

- Learn about the process of pollination.
- Observe the activity of bees.

Arts & Crafts

- Make Flower Stationery.

Music & Movement

- Continue playing the recorder.
- Practice pre-juggling exercises.
- Try a horizontal ladder exercise.

Health

- Complete an activity related to the mind-body connection.

Learning Assessment

LANGUAGE ARTS	Developing	Consistent	Competent	Notes
Writes a brief story summary				
Identifies ST consonant blend				
Identifies STR consonant blend				
Identifies SW consonant blend				
Reads words aloud				
Recognizes certain words on sight				
Demonstrates oral spelling and word recognition				
Puts letters in alphabetical order				

LANGUAGE ARTS <i>(continued)</i>	Developing	Consistent	Competent	Notes
Puts words in alphabetical order				
Writes uppercase and lowercase letters A through Z				
Identifies sounds for letters A through Z				

LITERATURE	Read aloud by adult	Read by child, in progress	Read by child, completed	Notes

WRITING: STORY-SUMMARY SENTENCES

Please describe how your child created the story-summary sentences this week. Use this space to clarify what (if any) assistance was necessary.

SOCIAL STUDIES	Developing	Consistent	Competent	Notes
Projects the outcome of a social situation				
Identifies ways to show compassion				
Shows awareness of social relationships				

MATH	Developing	Consistent	Competent	Notes
Identifies odd and even numbers				
Adds multiple numbers				
Identifies addition number bonds up to 20				
Identifies multiplication number bonds up to 20				
Solves mental math problems				
Solves multistep problems involving all four processes				
Finds a missing number in an equation				
Demonstrates skip counting by twos				
Demonstrates skip counting by threes				
Demonstrates skip counting by fives				
Demonstrates skip counting by tens				
Translates multistep story problems into equations				
Identifies missing numbers in a sequence				
Articulates how a problem was solved				

SCIENCE	Developing	Consistent	Competent	Notes
Demonstrates knowledge of pollination				
Demonstrates focused observation skills				
Monitors and nurtures plant growth over time				
Shows awareness of seasonal changes				

SCIENCE (continued)	Developing	Consistent	Competent	Notes
Shows knowledge of animal habits and habitats				
Gives detailed descriptions of observations				
Creates detailed drawings of observations				

ART/CRAFTS/MUSIC/HEALTH	Presented yes/no	Notes
Knits independently		
Plays tunes on the recorder using notes B, A, G, C, and D		
Uses varied tempos while playing familiar songs on recorder		
Demonstrates hand-eye coordination with ball games		
Maintains a steady march while hand-clapping various rhythms		
Demonstrates coordination and balance in movement activities		
Moves rhythmically at varying tempos		

Lesson 35

ASSIGNMENT SUMMARY

Language Arts

- Introduce the TR and TW consonant blends.
- Complete a year-end assessment.

Social Studies

- Explore different cultures and regions.
- Locate different regions on a globe.
- Make a cultural collage.
- Complete a year-end assessment.

Math

- Complete a year-end assessment.

Science

- Learn about the life cycle of a butterfly.
- Observe a cocoon or spider web.
- Complete a year-end assessment.

Arts & Crafts

- Make a Fairy House or Fairy Garden.

Music & Movement

- Prepare for a music recital.
- Try doing pull-ups.

Health

- Complete an activity related to inner awareness.

First Grade Year-End Learning Assessment

Language Arts Year-End Assessment

From A to Z and Back Again

SKILL	Yes/No	Notes
Puts letters in alphabetical order, ascending		
Puts letters in alphabetical order, descending		
Puts words in alphabetical order from A–Z		

Letters in a Hat

SKILL	Yes/No	Notes
Identifies long and short vowel sounds		
Identifies consonant sounds		

Silly Sentences

SKILL	Yes/No	Notes
Identifies consonant blends		
Demonstrates clear enunciation of words		

Word Building

SKILL	Yes/No	Notes
Demonstrates oral spelling and word recognition		
Identifies word families		

Story Book

SKILL	Yes/No	Notes
Retells story events in sequence using details		
Writes a brief story summary		
Differentiates between uppercase and lowercase letters		
Writes legibly		
Reads from beginning readers		

Social Studies Year-End Assessment

Family Heritage Project

SKILL	Yes/No	Notes
Demonstrates familiarity with family stories		
Identifies social relationships		
Compares cultural similarities and differences		

Treasure Hunt

SKILL	Yes/No	Notes
Identifies cardinal directions		
Navigates using a compass		
Draws a map		
Navigates using a map		

Mathematics Year-End Assessment

Counting 1–100 Forward and Backward

SKILL	Yes/No	Notes
Counts from 1–100 ascending		
Counts from 1–100 descending		
Identifies the quantity of 100		

Multiplication Tables

SKILL	Yes/No	Notes
Demonstrates skip counting by twos		
Demonstrates skip counting by threes		
Demonstrates skip counting by fives		
Demonstrates skip counting by tens		

Geometric Identification: Circle, Square, Triangle

SKILL	Yes/No	Notes
Recognizes and draws a triangle		
Recognizes and draws a circle		
Recognizes and draws a square		
Recognizes and draws a rectangle		

Four Operations

SKILL	Yes/No	Notes
Solves simple addition problems		
Solves simple subtraction problems		
Solves simple multiplication problems		
Solves simple division problems		
Transfers story problems to numeric format		

Odd and Even

SKILL	Yes/No	Notes
Identifies odd numbers		
Identifies even numbers		

Missing Numbers

SKILL	Yes/No	Notes
Identifies missing numbers in a sequence		
Solves simple addition problems with a missing number		
Solves simple subtraction problems with a missing number		
Solves simple multiplication problems with a missing number		
Solves simple division problems with a missing number		

Sorting and Classifying

SKILL	Yes/No	Notes
Sorts objects according to different criteria		
Articulates system of classification		

Ordinal Numbers

SKILL	Yes/No	Notes
Identifies ordinal positioning		
Writes ordinal numbers		

Science Year-End Assessment

Observational and Descriptive Skills

SKILL	Yes/No	Notes
Demonstrates focused observational skills		
Describes observations in detail		
Shows familiarity with animal habits and habitats		
Differentiates between living and nonliving things		

Predictions and Comparisons

SKILL	Yes/No	Notes
Identifies seasonal changes		
Makes comparisons based on observations		
Makes predictions based on observations		
Recognizes similarities between related items		
Recognizes differences between related items		

Scientific Method

SKILL	Yes/No	Notes
Forms a hypothesis		
Tests hypothesis		
Adapts experiment based on results		
Describes observations in detail		

Lesson 36

ASSIGNMENT SUMMARY

Language Arts

- Introduce the CH, SH, and TH digraphs.
- Make up words using digraphs.
- Review this year's work.

Social Studies

- Explore different cultural influences in your community.
- Make up rules for an imaginary kingdom.

Math

- Play games together.

Science

- Continue to plant and tend a garden.

Arts & Crafts

- Make a combination art project.

Music & Movement

- Perform a music recital.
- Enjoy favorite movement activities.

Health

- Review activities related to whole health.
