Map Your High School Course Trajectory

Use this page to map out your high school coursework. Fill in the grades you've completed along with the courses you've taken to get a clear picture of your academic journey so far. This will help you identify any gaps, plan future courses, and ensure you're on track to meet your goals. Fill grades that you have yet to complete with courses you'd like to take. Whether you're preparing for college, career paths, or personal growth, this roadmap will guide you in making informed decisions about what comes next.
